

SUNDAY@FIVE

September 28th

Garden of Peace
Isaiah 32:14-18

**PEACE
WITH CREATION**
SEASON OF CREATION 2025

During September we are joining with the church around the world in **'The Season of Creation'**. It's a season when we focus on what we can do to regenerate and care for the earth, the waterways, the air and all living creatures.

The Bible begins with the stories of the Garden of Eden – a place of beauty, fruitfulness and peaceful solitude. Several times throughout the Bible we are given a vision of places of dry desolation becoming once again thriving with colour and teeming with vibrant life.

As we prepare for Sunday Evening on September 28th could you send me photos of a garden you have created and which you enjoyed, or a garden you have visited that you loved.

If you don't have any photos, maybe you could send me a song or hymn, a poem or a few sentences about how Gardens can be places of solitude, rest, play and enjoyment. Or maybe you could share an idea you have for how we might landscape and replant the gardens around the new church at Barwon Heads.

My email is peterqw55@gmail.com and I look forward to hearing from you
